**Au pair family in
Cambridgeshire**

When :
**From mid-
October**

How long :
6 to 12 months

Me painting in Africa

Enjoying the
countryside

Making a video clip

Myself

Dear Family,

My name is Sophie, I'm 24 years old, French and currently living in France.

I recently validated my masters degree in art «Les beaux-arts» with distinction.

I'm a dynamic person, obliging, and one of my great qualities is to be very caring with people. I also try to make laugh people... with a variable success ;)

I grew up with my mother and my older brother in a small town in south of France surrounded by nature, this landscape and the nature of the area were the fuel of my artistic practice and are still a source of inspiration. My chosen artistic subject is mainly video production but I also paint and write. I've done 6 years of studies in 3 different cities during which time I partly financed my studies through sales work in several different shops. As part of my master degree I was lucky enough to spend 6 weeks in Africa.

I love craft activities, listening to music and dancing (even when I'm alone;))

I also have a small but significant experience in child caring babysitting for 2 different families, both times with little boys, between 5 and 8 years old.

Even if you are able to read this (I've cheated, I'm being helped) one of my biggest requirements career wise is to be fluent in English, for the moment let's say that my English is quite basic and I'm looking forward to progressing through interacting with you and with your children. Saying that, I would also be pleased to teach the children some French.

Being an Au pair would be a fantastic opportunity for me to discover the real British culture, to integrate and be part of a family, to have the security of being in a family home and all this with the added benefit of bringing my English to a higher level.

I am conscious that the role is important to the child's development and it is a role that must be carried out responsibly, ensuring that the interaction is fun and yet with the appropriate diligence to ensure the child's safety, security and wellbeing.

Looking forward to hear from you

Kind regards

Sophie
